

Mattagami Region Conservation Authority

David Vallier (right)

is currently the General Manager of the Mattagami Region Conservation Authority and has held this position for 5 years. His prior work experience includes working in the City of Timmins Community Development Services Department as a Development Planner and the Ministry of Citizenship / Ministry of Tourism, Culture and Sport as a Development Officer. Educated in Environment Sciences at the University of Guelph, David also holds a Bachelor of Education from Nipissing University. David's environmental

background and knowledge of integrated watershed management will be a great asset to the group.

Kevin Gagnon (left)

Kevin Gagnon is a Canadore College Environmental Protection Technician graduate. He has worked for the Mattagami Region Conservation Authority for the past 17 years as both a general labourer and Field Supervisor. Kevin is involved in Trail/Landscape maintenance and development, flood monitoring, water sampling and student and contract employee supervisor.
