

Fish consumption advisory

The advisory tables provide fish consumption advice based on the level of contaminants found in fish according to their location, species and length.

Bobs Lake

Whitney Twp., Cochrane Dist. (48°29'44"N 81°08'51"W)

Consumption advisories in the tables below represent the maximum number of meals per month recommended for each species/size range indicated.

Consult the help page if you are eating multiple species of fish or fish from multiple locations.

Advisories may be provided for specific species and/or size ranges which are not legal to possess. Learn more about Ontario's [recreational fishing regulations](#) before going fishing.
